RE: Final Conjectures on the eve of the 1962 National Convention

Perhaps some of this has been covered in other memos, etc.; but I will chance usurping something or other, and go ahead.

I have taken the liberty of placing all of you as second in your morning sessions, although you need not do it this way if you have better reasons. My intent is that we might all meet for 50 minutes in some quiet corner to make sure that everything is set up correctly for our General Session.

To answer Bill's question, Chuck's proper designation at the General Session is master-of-ceremonies.

I have had some difficulty obtaining masters for the March NL, and the P.O. has lost the latest shipment. If they do not arrive Monday, I will borrow some at work Tuesday, and mail both the Convention Program and Newsletter masters by Special Delivery on Wednesday night. Dick will mail the Newsletters to the stations as usual, and send an additional quantity to Charley along with the Programs.

As soon as I get some details, I will attempt to get out a Publicity Release on the Convention and Featured Speaker Sharkey. I guess I can ditto or mimeo either at work or at WKCR.

Best regards,

John
